

Parent Release Form for Web Site

I hope you have had a chance to visit the physics web site, www.physicsisphun.net. One of the reasons for having this site is so that current students can learn from past students. This takes place mostly when students are working on challenges. I have observed an improvement in projects since I began posting information about past projects. I also hope that this posting gives you as parents a chance to see your student's completed project.

In order to be able to put individual pictures of students or small groups of students on the website, I need to have your written permission. If student's names are used by a picture, I will use only their first name, and no addresses or telephone numbers will be used.

I, the undersigned, do hereby grant or deny permission to Hamilton Wenham Regional High School to use the image of my student, _____, as marked by my selection below. Such use includes the display, publication, transmission, or otherwise use of photographs, images, and/or video taken of my child for use in materials that include, but may not be limited to, videos and digital images such as those on the Hamilton Wenham Regional High School and Departmental Web sites. I do understand that the child's last name will not be used in conjunction with any video or digital images.

- Deny permission to use my child's image at all.
- Grant permission to use my child's image.

Parent/guardian signature _____ Date _____

Please return this form to:

Blair W Cochran
Co-Chairman Science Department
Hamilton Wenham Regional High School
775 Bay Rd.
South Hamilton, MA
